**We are pleased to announce that the following members have successfully completed the
Labour Community Advocate Training Program
(formerly known as peer/union/social counsellor)**

**This 10 week course was offered through The United Way
and has prepared participants to be a resource for the membership.**

**Many topics are covered in this course including addiction, stress, confidentiality,
domestic violence, mental health and the community resources available. We do have an
EAP program in place, but sometimes additional information or connections may be
needed, or members may not feel comfortable utilizing this service.**

**The advocates listed above are prepared to assist all members in confidence with any
challenges they are facing. Please feel free to contact them for direction, resources or a
non-judgemental ear.**

**f you are facing difficult times you need to know you are not
alone.**
