

A big thank you to all of our volunteers. **We did it!** "They" said we would never defeat Harper and the Conservative government. "They" said we would never stop the 5 point plan. "They" said we would never save door to door delivery. **We did it!** What do they know anyways?

Thank you to all postal workers who talked to customers, family and friends. Thank you to the retirees who came out to help with our information tables, libraries and other venues. Thank you to volunteers who went knocking door to door. Thank you to the Londoners for door to door and the Friends of Public Service. Thank you to The London and District Labour Council and all affiliates. Thank you to everyone who helped stand up for Postal Worker jobs and the Canadian public. Thank you for all of your actions that have made this a success.

A special thank you goes out to Sister Lisa Long for her hard work, diligence and dedication to this campaign. We couldn't have done it without her.

While Canada Post has announced a temporary halt to the cancelation of door to door delivery there is still much work to be done. Let's celebrate this moment before turning our minds to what still needs to be done to protect our public owned postal service.

Now is the time to remind the newly elected Liberal MPs in London as well as the newly elected Prime Minister of Canada of their promise to Canadians to stop the Harper Conservative postal cuts and to conduct a Postal Service Mandate review.

I along with many others will be submitting letters in support of postal banking and extending delivery to every Canadian home. What will your submission say?

Dean Woronoski

Local President
